
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [Plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately.** This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-252-4674. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$375 person/\$750 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Inpatient Facility and Vision are not subject to deductible .	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	Yes. \$100 for prescription drug coverage . There are no other specific deductibles .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. Prescription coverage provided through OptumRx. No prescription coverage for dependents.
What is the out-of-pocket limit for this plan ?	\$2,700 individual/\$5,500 family for in- network services and out-of-network emergency room/air ambulance	The out-of-pocket limit is the most you can pay in a year for services listed in the "Answers" column. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , health care this plan doesn't cover, prescription costs, dental, vision, balance billing charges, and most out-of-network services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.seafarers.org/plans for a link to CIGNA's network providers .	You pay the least if you use a provider in the CIGNA network . You pay more if you use a provider in the MultiPlan network or other networks in which the Plan participates. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

The Seafarers Health and Benefits Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act.

As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that this Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at 1-800-252-4674. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.
