Any infraction may also result in charges according to the "Shipping Rules 8-A Discipline."

Specific Rules and Regulations during COVID-19 Pandemic

Effective immediately, the COVID vaccine will no longer be a requirement to enter a hiring hall or to attend classes at the Paul Hall Center. Unlicensed Apprentices, are, however, still required to be vaccinated in order to be assigned to apprentice positions. If anyone else is not fully vaccinated, which means the original vaccines and any available booster shots, either by choice or by an approved medical or religious exemption, you are required to be masked at all times while indoors on the property.

We still strongly recommend and encourage all members to be fully protected from the virus. We all agree that being fully protected does not provide full immunity however; it has been consistently shown to lessen the effects of the illness and keep us out of the hospital or worse. In addition, please use common sense. If you are not feeling well and/or have been exposed to someone who is COVID positive, please do not enter the premises so you do not infect others. If you must enter the premises, please make sure to wear a properly fitting mask at all times.

Meal times will be assigned to all students. You must have your badge on you to be permitted in the galley and/or cafeteria.
