Clarity in a Complex World:
Plan Fee Disclosure for Plan Fiduciaries

Fee Disclosure

Seafarers International Union AGLIW 401(k) Plan 780479-01 As of February 28, 2023

Introduction

This report will help you as plan fiduciaries better understand the costs associated with your retirement plan - for both you as a plan sponsor and for your plan participants. The report is designed to meet the ERISA fee disclosure regulations of the United States Department of Labor (DOL).

We have summarized the plan cost components, and have provided a description of the services provided for those costs. We feel that the more you know about the costs in your plan - including all fees and expenses - the better you will understand the value of Empower.

Fee transparency is a sponsor and participant right

Sponsors and participants are entitled to clear information about the fees and expenses associated with their retirement plans.

Fee transparency is integral to meeting fiduciary responsibilities

We believe that understanding the relationship between cost and benefit is a crucial part of a plan sponsor's fiduciary responsibilities.

ERISA Requirements

DOL regulations require certain service providers that receive more than \$1,000 in compensation to make explicit disclosures to certain retirement plans that they serve. For more information, please visit the DOL Employee Benefits Security Administration's website (www.dol.gov/ebsa).

What This Report Contains

This report provides an estimate of the fees paid by your plan.

As your plan's Recordkeeper, we may make payments to other plan service providers on behalf of the plan. We are not responsible for the disclosures of any unrelated service providers.

This document begins with a high-level summary of the estimated fees and becomes detailed throughout each section. All the information shown is in dollar figure estimates, where appropriate. To simplify readability, superscript letters identify dollar figures that carry over from one section and appear in another section as a line item.

Some of the services and fees described may not be applicable to your plan but are representative of available services.

A. Summary of Fee and Expense Estimates

Estimates presented are based on information as of February 28, 2023 on the following:

Total Assets	\$58,726,367
Unallocated Plan Assets	\$42,004
Participant Assets	\$56,279,521
Loan Balances	\$2,404,842
Number of Participants	1,995

As the fees and expenses contained in this disclosure are estimates based on the above information at a point in time, they will not necessarily match the actual amounts paid or the amounts contained in any financial report, such as an Annual Plan Summary.

Total Assets are the sum of Unallocated Assets, Participant Assets and Loan Balances. **Plan Unallocated Assets** consist of plan assets that are not allocated to plan participants. This might include unclaimed participant balances, amounts received but not yet allocated to participants, forfeitures, and amounts set aside for plan expenses. **Participant Assets** are amounts held in participants' accounts. **Loan Balances** equal the outstanding loan amounts for participants. **Number of Participants** includes participants with an account balance as of the month-end.

In this document, estimates provided may not match amounts billed to the Plan Sponsor or debited from participant accounts and may not match financial reports. These **annual estimates** are generally based on month-end projections that are annualized over a 12-month period and rounded to the nearest dollar.

D. Disclosures

This document contains estimates of plan expenses and is intended to provide a detailed summary of fees being charged to the plan or its participants to the extent such information is in the Recordkeeper's possession. While it is intended to provide information regarding all material fees, this document may not be comprehensive, and it may not include full information on fees associated with some specially negotiated services or with certain investment options, such as Self-Directed Brokerage Accounts, Life Insurance, Employer Stock, etc. For further fee information, please refer to the relevant service agreements and/or prospectuses, including information that may be needed to comply with Participant Disclosure obligations. As your Recordkeeper, we make no representation as to the completeness or accuracy of materials, such as prospectuses, created and/or provided by a third-party investment provider.

Additional Compensation Paid to Recordkeeper for Correction of Transactional Errors:

Participant and Plan Transaction Errors. If the Recordkeeper does not accurately process contribution or investment instructions provided in good order by a Participant or the Plan Sponsor (e.g., investment allocation of Plan contributions, investment exchanges or transfers) or does not accurately process a Plan transaction as instructed by a Participant or directed by the Plan Sponsor (e.g. timely processing a Plan distribution or processing a Participant's direct rollover request as a lump sum) and the issue is timely brought to the Recordkeeper's attention, Empower will, at its own expense, retroactively correct the error by adjusting the Participant's account to the financial position where it would have been, adjusted for earnings and reduced by any losses, had the error not occurred.

Trading Gains. If Empower does not accurately process a trade with the mutual fund company as directed by the Plan Sponsor or as instructed by a Participant, then the Recordkeeper will correct the share position at the mutual fund company as if the error had not occurred. In the event there are multiple funds involved, the Recordkeeper will net gains and losses across all funds involved.

If a correction to adjust the Participant's account to the financial position where it would have been if the error had not occurred is made at the Recordkeeper's expense and results in a transactional net loss, the Recordkeeper will bear the transaction loss. However, if the correction results in a transactional net gain, the Recordkeeper will retain the transaction gain as compensation for services provided to the plan and to defray costs of servicing the plan.

Bank Credit Disclosure:

If the Plan's assets pass through a bank account held by Empower Retirement LLC. (Empower) or its affiliates/ subsidiaries (Empower Trust Company, LLC), it may earn credits and/or interest on Plan assets awaiting investment or pending distribution. Any credits or interest earned by Empower are aggregated with credits and/or interest earned by Empower affiliates/subsidiaries and will be used to defray the aggregate expenses for the maintenance of bank accounts. Empower will not retain credits and/or interest earned in excess of such maintenance expenses.

Credits and/or interest are earned from the use of (i) uninvested contributions received too late in the day or not received in good order to be invested same-day and (ii) proceeds from investment option redemptions where Plan distribution checks have not been presented for payment by Plan participants. Credits and/or interest (i) begin to accrue on contributions, on the date such amounts are deposited into the bank account and end on the date such amounts are invested pursuant to Plan participant or Plan representative instructions and (ii) begin to accrue on distributions, on the date the check is written or on the wire date, as applicable and end on the date the check is presented for payment or when the wire clears again the account, as applicable. Earnings of credits and/or interest are at the rate the bank provides from time to time.

Financial Wellness:

Empower's financial wellness program provides recipients with tools and services to enhance their overall financial wellness. In addition to tools and education covering various financial topics, the program may include

information on financial wellness products made available by Empower or third-party providers. Empower may receive fees and other payments from the products available under the program. Empower incurs costs related to the financial wellness tools and services including product availability and technology integration and pays licensing fees to provide certain product technology platforms as part of the experience. These costs may be offset by the fees and other payments Empower receives. Information is available upon request regarding the suite of included products, including a description of the applicable fees that program recipients may pay if they choose certain products, and the fees and other payments Empower may receive for products under the financial wellness program.

Investments

Mutual Fund Expense Ratio & Collective Investment Trust (CIT) Expense:

The Service Provider has entered into agreements with certain mutual funds/CITs (or their service providers, including advisors, administrators or transfer agents, and underwriters) whereby the Service Provider provides shareholder and/or distribution services and receives compensation from the mutual fund/CIT (or their service providers) based on the value of the plan's investment in the fund/CIT. This compensation may include fees for administrative and other expenses and/or fees paid under a plan of distribution under SEC Rule 12b-1 ("12b-1 fees"). The fees received by the Service Provider are included in the expense ratio described in the applicable fund's prospectus or similar disclosure document, and reduce the investment option's net asset value (NAV). Generally, fees and expenses included in the expense ratio are deducted at regular intervals based on a percentage of the investment option's average daily net assets. For CITs, an investment company may include other fees that are not disclosed in this fee disclosure document but are provided in a separate disclosure under separate cover.

Redemption Fees:

Redemption fees are charged by mutual fund companies to discourage investors from making a short-term "round trip" (i.e. a purchase, typically a transfer, followed by a sale within a short period of time). Most mutual fund companies that charge redemption fees will impose the fee upon the purchase and subsequent sale occurring within a specified time frame. Please refer to your mutual fund prospectuses for specific redemption fee details.

Additional Fund Compensation:

The Service Provider may receive additional revenue as a finder's fee from non-affiliated fund companies as shown in the prospectus and other regulatory documents for each of the funds held by the plan. Empower Annuity Insurance Company of America (Empower) receives payments from some investment fund families through the Empowering Fund Partnership Program ("EFPP"). Under the EFPP, fund families receive several services based on the EFPP tier in which they participate. These services are provided directly to fund families and include: (i) consideration for inclusion in Empower products developed for some segments of the retirement and IRA market, (ii) inclusion on the Empower Select investment platform, which is available in the small plan recordkeeping market, (iii) a waiver of the connectivity fee described below, (iv) enhanced marketing opportunities, (v) additional reporting capabilities, (vi) collaboration in thought leadership opportunities, (vii) access to meetings with Empower leadership, Empower staff, and the third party advisory and brokerage firms through whom Empower distributes its services, and (viii) access to conferences put on by Empower. The yearly fees for EFPP participation are \$1,000,000 for tier 1, \$500,000 for tier 2. These fees do not vary based on an Empower client's use of the funds offered by the fund family.

For additional information about fund families that participate in the fund partner program, please visit https://docs.empower.com/advisor/Empowering-Fund-Partnership-Disclosure.pdf.

Empower also receives payments from fund families through a connectivity program (the "Connectivity Program"). The Connectivity Program charges fund families for the cost of administering funds on Empower investment platforms, and for building and maintaining data connections between Empower and the fund family. In 2019, the Connectivity Program charges \$1,000 per investment fund used on recordkeeping and IRA investment platforms. Beginning in May 2019, if a retirement plan starts receiving recordkeeping services through Empower's small plan recordkeeping segment, and the plan has a fund from a fund family that does not participate in the Connectivity Program or the EFPP, then Empower will assess a separate annual investment access fee of \$1,000 to the plan. Depending on plan selection of the non-participating fund family, the investment access fee charge may be more or less than the fees received under the Connectivity Program from the fund family.

For additional information about funds that participate in the Connectivity Program, please visit https://docs.empower.com/advisor/Empowering-Fund-Partnership-Disclosure.pdf.

Rollover Programs:

Empower may receive payments of up to \$35 per rollover under separate agreements with certain rollover providers (including Millennium Trust Company and WMSI Securities LLC) for providing transaction and administrative services. Any such payments are not fees for distribution services to the plan under the plan's administrative services agreement with Empower.

5500 Schedule C

As applicable, the disclosures herein are intended to satisfy the eligible indirect compensation ("EIC") requirements for Form 5500 Schedule C purposes.

Direct Compensation:

As your Recordkeeper, Empower tracks and reports all direct fee compensation (such as the standard fees and non-standard fees that are paid from plan assets during the plan year) as part of the plan-level reporting in your Annual Plan Summary. A detailed list of direct fees are provided in the Fee and Withdrawal report as well as summarized in the supplemental report section containing the Information for Completing Form 5500 Schedule C.

Indirect Compensation:

The listed expenses and costs are the types of eligible indirect compensation that may have been received either by (i) the Recordkeeper for their services or (ii) mutual fund companies whose funds are investment options in your Plan. The disclosures herein are intended to satisfy the EIC requirements for Form 5500 Schedule C purposes, as applicable.

Other Investment-Related Fees:

The investment funds offered by your Plan may have fees that are retained by the fund company or other investment provider as payment for ongoing management of the fund and other services. The fee amounts will vary from fund to fund and are generally charged as a percentage of the fund's value.

Please refer to the latest investment materials such as **prospectuses and other regulatory disclosures for each of the funds** held by your Plan (as provided by your Plan's investment advisor or directly from the fund companies or investment firms) for details regarding services and fees.

The latest prospectus and other regulatory documents for each of the funds held by the plan can be found within the Investment section of the Plan Service Center.

This list of investment fees is intended to give the plan a list of the most important fees being charged to the plan or its participants. It is intended to provide information regarding all material fees, but may not be comprehensive and may not include information on fees such as Self Directed Brokerage Accounts, Life Insurance, Employer Stock, etc. For other fee information, please refer to all other plan documents including service agreement and/or prospectus, including information that may be needed to comply with participant Disclosure obligations. As your Recordkeeper, we make no representation as to the completeness or accuracy of materials, such as prospectuses, created and/or provided by a third-party investment provider.

Affiliates and Subcontractors

We are required to disclose certain fees paid between Empower Retirement LLC. (Empower) and its related parties (affiliates/subsidiaries and subcontractors). This includes compensation paid in connection with the services Empower or its affiliates/subsidiaries have agreed to provide to the Plan, if the compensation is set on a transaction/incentive basis (such as commissions, soft dollars, or finder's fees) or if the compensation is charged directly against a plan investment and reflected in the investment's net value.

The fees disclosed are not in addition to previously disclosed fees; rather, this information is intended to increase transparency about how Empower uses the fees it receives.

Affiliates:

The following entities are affiliates of the Recordkeeper, in that they directly or indirectly control, are controlled by, or are under common control with the Recordkeeper. These affiliates may receive fees from the plan, or from the Recordkeeper or another affiliate for performing certain services for the plan.

Refer to the Itemized Services and Cost section for details regarding affiliate payments.

Empower Financial Services, Inc. is an affiliate that receives payments from the Investment Provider. Payments are first paid to Empower Financial Services, Inc. which in turn pays the Recordkeeper.

- Empower Financial Services, Inc.
- Empower Retirement, LLC

- Empower Trust Company, LLC
